

**Name of Student Chapter:** FAMT ASME student Chapter

**Name of Registered Faculty Advisor:** Prof. Hemant Vasant Chavan

**Name of Department Faculty Advisor:** Prof. V. Murali Mohan

**Name of Student Coordinator:** Mr. Tejas Santosh Tupe

**Objective with brief description:**

ASME (American society of Mechanical Engineers) is a professional association formed by a few industrialists in North America in the year 1880 which was mainly focused on Mechanical engineering. Today, ASME is an internationally renowned organization known for setting codes and standards for mechanical devices. This not for profit membership organization has more than 130000 members across 150 countries in the world. ASME Student Sections are chartered at Mechanical Engineering Department with the following purposes:

1. To promote the goals of the Society
2. To complement the curriculum of the educational institution.
3. To offer mutual support in study, learning, and professionalism.
4. To provide personal connections and communications within the Society and the profession.
5. To provide outreach and service to society in general.

**Activities regularly conducted / planned to conduct:**

1. Technical presentations
2. Personal-skill development activities
3. Professional introductions and relationships
4. Joint activities with other ASME units of all types and with similar units at the parent Institution
5. Engineering and technical Competitions
6. local and global Awards and recognitions
7. Engineering-related volunteer and community services
8. Outreach to potential engineering students
9. Encouragement of continued membership in ASME and in peer engineering and professional societies
10. Career assistance
11. Industrial visit
12. Industrial workshop
