Research and Development Cell**

**India First Leadership Talk Series  
A Webinar by MHRD's Innovation Cell  
on  
Future of Technical Education in India”**

Research and Development Cell, Finolex Academy of Management and Technology, Ratnagiri arranged a Webinar on **India First Leadership Talk Series - “Future of Technical Education in India”** by **Dr. Anil D. Sahasrabudhe**, Chairman, All India Council for Technical Education. The webinar was organized on 22<sup>nd</sup> April, 2019 by AICTE-MHRD's Innovation Cell to address the young minds of country and to provide career orientation.

Dr. Abhay Jere, the Chief Innovation Officer, MIC, MHRD, Govt. of India, was in conversation with Dr. Anil D. Sahasrabudhe. He posed several questions on behalf of the students, mainly from Engineering and other disciplines to Dr. Anil D. Sahasrabudhe.

In the interactive session, Dr. Anil D. Sahasrabudhe mentioned that in present scenario, the ‘Industry expects a lot’ and we teach concepts at Institutional level but application of those concepts in real world today is what is required to be learnt by students. He further highlighted various measures which should be taken by the institutes and faculty to improve the employability of students. He provided information about the schemes and initiatives offered by the government for improvement in Curriculum, Pedagogy, Innovation and Entrepreneurship. Project based learning; Internships and learning based education were emphasized in his talk.

Dr. Anil D. Sahasrabudhe mentioned that, lifelong learning is embedded in the curriculum and working in inter-disciplinary fields is very important to get exposure to multiple skills, team work, critical thinking and application of knowledge in various fields.

The webinar was attended by 34 students of Chemical and Mechanical Engineering and 15 faculty members of First Year Engineering, MCA, Mechanical, Chemical, Electrical, Electronics, and Electronics and Telecommunication Engineering Departments. Research and Development Cell received the support, guidance and motivation from Dr Kaushal Prasad, Principal, to arrange the webinar successfully. Dr Shashikant S Goilkar, Dean, Research and Development took efforts to conduct this webinar smoothly.
