Training and Placement Cell

**GTT+ Barclays Connect's Corporate Readiness Training Program at
FAMT**

Training & Placement Cell of FAMT organized GTT + Barclays Connect's Corporate Readiness Training Program on 30th& 31st July, 2019 on FAMT campus. This training was for final year students of all branches of 2019-2020 batch.

Global Talent Track (GTT) is an education and training venture, set up by some of the best minds from the industry, education and technology domains. The venture aims to provide 'quality with scale' through programs delivered with the help of innovative technologies and compelling content. GTT provides training to the freshers hired by companies such as Cognizant, Capgemini, Genpact, Infosys, Oracle, Hexaware, etc. As part of their CSR initiative, Barclays has decided to skill unemployed youths as per the industry requirements. Barclays decided to partner with GTT & HOPE Foundation in this initiative.

The expert trainers of GTT conducted this training programme with interactive sessions on interview skills & corporate readiness. Total 94 final year students of FAMT attended the training.

Principal Dr. Kaushal Prasad felicitating the trainer
