# A Workshop on Linux in Collaboration with IIT Bombay

FAMT Remote Center organized a one day Linux Workshop for Teachers and Research Scholars in collaboration with IIT Bombay on 23August, 2019 to train the teachers in one of the most popular open source and free operating system, i.e. Linux.

The workshop was organized by the Teaching Learning Centre (TLC) at IIT Bombay, under the scheme of 'Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching'(PMMMNMTT), an initiative of the Ministry of Human Resource Development, Government of India. However the participants attended it at about 180+ remote centers (RC) across the country including FAMT.

During this workshop, all participants learnt Ubuntu - Linux operating system's various features through spoken tutorials as per the guidance of the Course Coordinator. Total 10 facultymembers from all the engineering branches in the academy attended the livesessions of the workshop conducted by the faculty of IIT Bombay and interacted through A-View with them. Every A-View session was followed by hands-on practice session in the laboratory where participants learnt Ubuntu Operating System using Side-by-Side method. The Side-by-side method is a method where participants plays spoken tutorial at one part of the desktop display and subject-specific platform to practice on to other part of the screen.

Prof. Ravindra V. Kerkar coordinated the workshop under the supervision of Remote Center Coordinator Dr. Shashikant S. Goilkar. Mr. Mahendra S. Shirke provided technical support for A-View sessions.
