## Report of webinar on “Keys to success-: Four keys to build a successful career”

Departments of Information Technology organized webinar on keys to success: Four keys to build a successful career for TE and BE IT students. Ms. Pranoti Waingankar was the resource person for the same. Ms, Pranoti is having a 6 years of experience in the fields of strategy consulting and advisory, a brand management and advertising. She briefly explained different skills like strategic thinking, interpersonal communication, creative thinking and commercial awareness. She also shared her experience in the field of strategic planning and her current job role. Total 110 students from TE and BE IT attended this event. All students gave a nice feedback and requested to arrange the same every year.
