An Interactive Session
On
Higher Education Opportunities in the UK

The Association of Chemical Engineering Students (ACES) organized an Interactive Session on '**Higher Education Opportunities in UK**' for third and final year students. The resource person for the session was **Mr Parikshit Manjrekar** who is one of the distinguished alumni of the Department of Chemical Engineering. Presently, he is pursuing a Master's in International Business Management with Project Management from Kingston University, UK. During his interaction with the students, **Mr Parikshit Manjrekar** elaborated on various aspects of studying in the UK. He also answered the queries of students and faculty members.

Prof. A. K. Bandsode, Head of the Department introduced the speaker to the students. The event was coordinated by Prof. P. A. Giri, Prof. S. S. Kadlag and Prof. S. B. Bobde. Prof. S. B. Bobde delivered the vote of thanks. All faculty members of the department also participated in the interaction.
