**A Webinar on Microsoft Azure Security Roundtable
For Manufacturing & Retail**

A Webinar on 'Microsoft Azure's Security Roundtable for Manufacturing & Retail' was organized by the Information Technology department in collaboration with Microsoft USA on **08 September 2021** for BE IT students. It was hosted through Microsoft's team platform.

The main objective behind organizing this event was to discover the solutions to manufacture a sustainable future in retail. The webinar was attended by **26** students from BE IT. The event helped students learn: Transforming from Legacy to Cloud, Microsoft Zero Trust approach, Modern Security Operations combining IT and OT. The webinar concluded with the trainer explaining Security Incident Management interactive scenarios & discussions.

The session was initiated by **HOD IT, Prof. Dr Vinayak A. Bharadi** along with **Prof. Atiya Kazi** as the event coordinator. All the students expressed their vivid interest in attending such webinars in future.

Your enterprise in transformation..
 ..requires a modern identity & access security perimeter.
