

Seminar on Personality Development & Interview Techniques

The Department of Chemical Engineering organized a Seminar on **Personality Development & Interview Techniques** on 24th March 2022. **Mr Rajeev Jambhekar**, Assistant General Manager, Vinati Organics Ltd., was invited to interact with Second Year, Third Year and Final Year Chemical Engineering students, to create awareness amongst students about their careers.

The seminar began in the presence of Principal, **Dr Kaushal Prasad**, **Dr Nitin Kanse**, **Mr Rajeev Jambhekar**, and **Prof. Raju Marag**. The third-year Chemical Engineering students coordinated the event successfully under the guidance of **Dr Nitin Kanse**, Head, of Chemical Engineering Department. **Ms Purva Vanjari**, Third-year Chemical Engineering student, hosted the program. All faculty members of the Department of Chemical Engineering attended the seminar.

The seminar was attended by 60 students and was coordinated successfully by **Prof. Raju K. Marag**.
