

Educational Tour To Intersolar India Expo 2022 at Gandhinagar, Ahmedabad

Department of Mechanical Engineering Student Chapters organized an educational tour to the Largest Intersolar India Expo 2022 at Gandhinagar, Ahmedabad on 9th December, 2022.

The smarter E India is India's innovation hub for the new energy world. It takes a comprehensive approach to the topics of a changing energy landscape by presenting cross-sector energy solutions and technologies. It reflects the interaction of the solar, energy storage and electric mobility industries and addresses all the key areas along the value chain. The smarter E India brings together local experts and international stakeholders in the energy future.

The purpose of this tour is to explore students new technology in solar, energy storage and electric mobility industry. Also, it helps students to develop networking with Exhibitors for internship and industry-institute interaction.

Six students participated along with Student Chapter Faculty Advisor Prof. Hemant V Chavan,

Student members from left, Mr Mohammed Mongale Mr.Sahil Terse, Mr.Aditya

Kamble, Mr.Saunak Lele, Mr, Akshay Chavan, Mr.Ayush Shinde at INDIA SOLAR at Gandhinagar.
