CSE Department Arranged a Workshop on Case Studies in Cloud Computing

A technical workshop on “**Case Studies in Cloud Computing**” was organized by the Computer Science and Engineering (AI & ML) Department on 15th April 2023 at the CC-I lab.

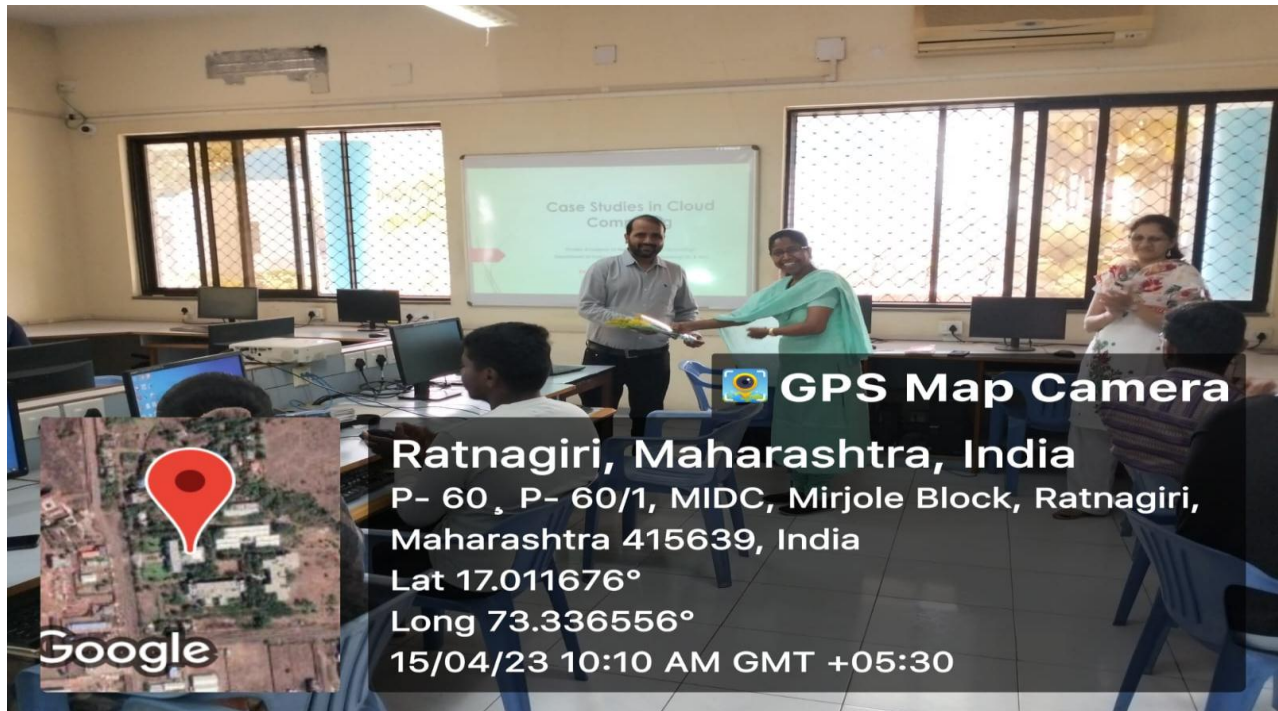

Dr Bhushan Jadhav, Assistant Professor in CSE-AI-DS Department, Thadomal Sahani Engineering College, Mumbai, delivered the session for T.E. CSE students. The workshop provided the students with the insight of career prospects in the domain of Cloud Technology along with essential skill building.

This session helped 30 CSE students to understand Cloud Computing, its uses in industry, required resources for cloud computing technology, various platforms available for cloud services, and different service models used in cloud computing. **Dr Bhushan Jadhav** also provided a session regarding creating a chat bot using aws, creating a private cloud, and software as a service.

Prof. Sprooha Athalye was the workshop coordinator, and the workshop was initiated and carried out under the guidance of **Prof. Vrishali V. Nimbalkar**, HoD CSE.
