

Mini-Project 1A Competition

The Electronics and Telecommunication Engineering Department organized a Mini Project 1A Competition for SE EXTC students on 3rd November 2023.

All the Students of SE EXTC actively participated in the competition. Students demonstrated their projects and explained working principles with the help of posters. **Prof. A. R. Sutar** and **Prof. N. A. Marathe** judged the projects and guided them for further improvement in the project.

The objectives of this project competition are:

- To enhance practical skills
- To encourage teamwork and collaboration
- To develop effective communication

The competition was coordinated by **Prof.V. M. Galshetwar** and **Prof. G. S. Bhosale** of the EXTC Department, under the guidance of HOD EXTC **Dr. S.V. Chougule**.

Students being ready with the setup for project competition.
