

## Fresh-Influx 2K23 – A Welcome Function of Second-Year Chemical Engineering Students

A Welcome Function for Second-Year Chemical Engineering Students was organized as per tradition of the Department of Chemical Engineering in collaboration with the Association of Chemical Engineering Students (ACES) on Saturday, 07 October 2023. The welcome function was organized under the theme of **Fresh-Influx 2K23** and successfully organized by the final-year students.

**Dr N. G. Kanse** welcomed the students present for the event and gave his best wishes for the grand success. The students organized and participated in the events coordinated by **Ms. Samiya Shivkar** such as Damsharaz, Musical chairs, Fishpond and Passing the Pass performances and splendid decoration, thus making it a fervent and impressive evening. The faculty enthusiastically contributed and guided the students towards a successful event. In summing up, this event is a platform for creativity, mental and physical grooming and recreation.

The function was held in the presence of **Dr N. G. Kanse**, Head of the Department, and **Prof. R. K. Marag**, ACES Faculty In charge, along with all department faculty and students. The event was attended by 32 students and ended with a vote of thanks by **Mr. Fahad Rakhangi**.

**Dr N. G. Kanse, Head of the department inaugurated the event.**
