E&TC Department Held Workshop on Arduino Programming

The workshop on "Arduino Programming", was organized by the Department of Electronics and Telecommunication Engineering, on 16th March 2024 for final-year students of Government Polytechnic Ratnagiri.

The workshop was aimed at exploring Arduino and its application development towards project building among the students. In this workshop, students were given hands-on exposure to hardware interfacing and programming of various modules such as LED, LDR, Buzzer, LCD and application development.

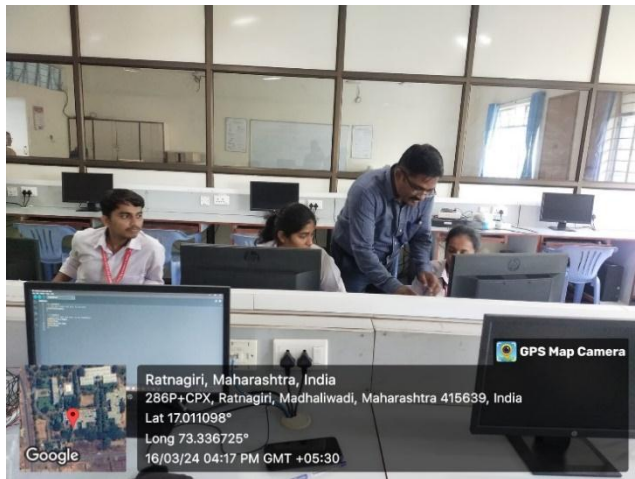

Resource Person **Prof. Amol R. Sutar**, Assistant Professor conducted the course and covered basic to advanced topics related to Arduino application development and highlighted its effectiveness in Industry. The Students of Government Polytechnic participated actively in the course and shared their feedback at the end of this workshop.

Dr Vijay M. Galshetwar worked as Faculty Coordinator of the event, under the guidance of **Dr S V Chougule**, the Head of EXTC Department.
