A Seminar on Exploring the World of RedHat Linux and DevOps

The **Department of MCA** organized a Seminar on Exploring the World of RedHat Linux and DevOps on **April 4th, 2024**, for the **First Year MCA students**, where Prof. Harshada U. Salvi introduced Mrs. Bhagyashree Bhatt, an experienced professional with over 20 years of expertise in training and a focus on Open-Source technologies. Mrs. Bhatt has delivered corporate training tailored to industry needs across India and Dubai, covering areas such as Microsoft, CCNA, Linux, Virtualization, OpenShift, and Containers.

During the seminar, Mrs. Bhatt provided invaluable guidance to the students on the career prospects within Red Hat Linux and DevOps, fostering a sense of direction and ambition among the attendees. The seminar, attended by 79 beneficiaries, concluded with a vote of thanks from Ms. Mohini Sathe, a student of MCA, while Prof. Supriya S. Surve efficiently coordinated the event.
