## Project Exhibition and Competition

A department-level project exhibition and competition were organized by the Department of Electronics and Telecommunication Engineering for SE EXTC and BE EXTC students, on 22<sup>nd</sup> April 2024.

The Students of SE EXTC and BE EXTC actively participated in the competition. The students demonstrated their projects and explained working principles with the help of posters. **Dr. S. V. Chougule, Mr. A. R. Sutar, Mrs. N. A. Marathe** and **Ms G. S. Bhosale** judged the projects and guided them for further improvement in the project.

The objectives of this project competition are:

- To provide students with an opportunity to showcase theoretical knowledge gained during the courses to solve practical problems.
- To enhance student's ability to communicate effectively and present their project work, methodologies, and results professionally.
- To encourage teamwork and collaboration among students by working together in groups to develop the project, thus simulating solutions to problems in the real-world.

The exhibition and competition was organized by the Electronics and Telecommunication Engineering Department (EXTC) and coordinated by **Ms G. S. Bhosale** and **Mr A. R. Sutar** of the EXTC Department, under the guidance of Head of EXTC Department, **Dr S.V. Chougule**.

**Students of BE EXTC demonstrated the project to HOD EXTC Dr. S. V. Chougule and Mr. A. R. Sutar.**

Students of SE EXTC demonstrated the project to Mrs. N.A. Marathe and Miss G. S. Bhosale
