Automation Expo 2024

Final-year Mechanical Engineering students from the Mechanical Engineering Students Association (MESA) visited Automation Expo 2024, the 17th India International Trade Show, held at BEC Goregaon, Mumbai, on Saturday, August 24, 2024.

The primary objective of the visit was to explore the latest advancements in automation technology, robotics, and artificial intelligence, as well as to connect with industry experts and envision a future driven by automation.
