

Finolex Academy of Management & Technology, Ratnagiri

Industrial Visit to Thermal Power Plant Located at Finolex Industries Limited, Pawas.

Industrial visits help students gain first hand information regarding functioning of the Industry. It provides an opportunity to plan, organize and engage in active learning experiences both inside and outside the classroom. Industrial Visits provide an insight into the real working environment of the industry. They help students to see their future place in the working world, helps to enhance their interpersonal skills and communications, helps to understand the do's and don'ts of the industrial practice.

Electrical Engineering Department had organized one such industrial visit on the 1st of October 2016, to a 43MW Thermal Power Plant located at Finolex Industries Limited. This visit is intended for the students of Second Year Electrical Engineering which is a part of the curriculum for the subject Conventional and Non Conventional Power Generation.

In this visit the students were familiarized with all the components of a Thermal Power Plant as well as its working.

Students of Second Year Electrical Engineering along with respected Yogesh Teredesai Sir, Manager, Human resources, Finolex Industries Limited, Prof Leslie Fernandes & Prof Nikhil Kasar.
