Department of Mechanical Engineering

Workshop on 'Maintenance of Refrigeration and Air-Conditioning Systems'

The department of Mechanical Engineering conducted **workshop on "Maintenance of Refrigeration and Air-Conditioning Systems"** on **24 March, 2017** for the **students of final year Mechanical Engineering**. **Prof. V S Bagade** introduced the resource person **Mr. J A Jaygade (M/s J. J. Engineering Works)** who has around 30 year of experience in the field of Refrigeration and Air-Conditioning. He explained **basic components of Refrigeration and Air-Conditioning Systems and demonstrated working and maintenance of Reciprocating Compressor, Window Air Conditioner, Portable Air Conditioner, Deep Freezer, Evacuation and Charging of refrigerant**. He also demonstrated **formation of PUF (Poly-Urethane Foam)** which is used as insulation material in refrigeration and air conditioning systems. 124 students were present for the workshop. **Prof. V S Bagade and Prof. S U Mayekar** coordinated this workshop. The session was concluded by vote of thanks by **Prof S U Mayekar**.
