Department of Mechanical Engineering

Industrial visit to Finolex Power Plant, Ratnagiri

The department of Mechanical Engineering organized two day industrial visit to **Finolex Industries Limited, Ratnagiri**, for Third year Mechanical students.

This visit was organized to bridge the gap between theory in the subject of THERMAL AND FLUID POWER ENGG (sem VI) and industry practices.

Total 77 students visited the plant and were exposed to working of different mechanical components like steam boiler, steam turbine, steam condenser, cooling tower, etc. along with overall operation of thermal power plant and electrical power generation.

It was organized and coordinated by **Prof. Hemant Vasant Chavan (Asst Professor in Mechanical Engg Dept.)** under the guidance of **Dr. Kaushal Prasad (Hon. Principal)** and **Dr. M. S. Kirkire (HoD, Mechanical Engg)**.

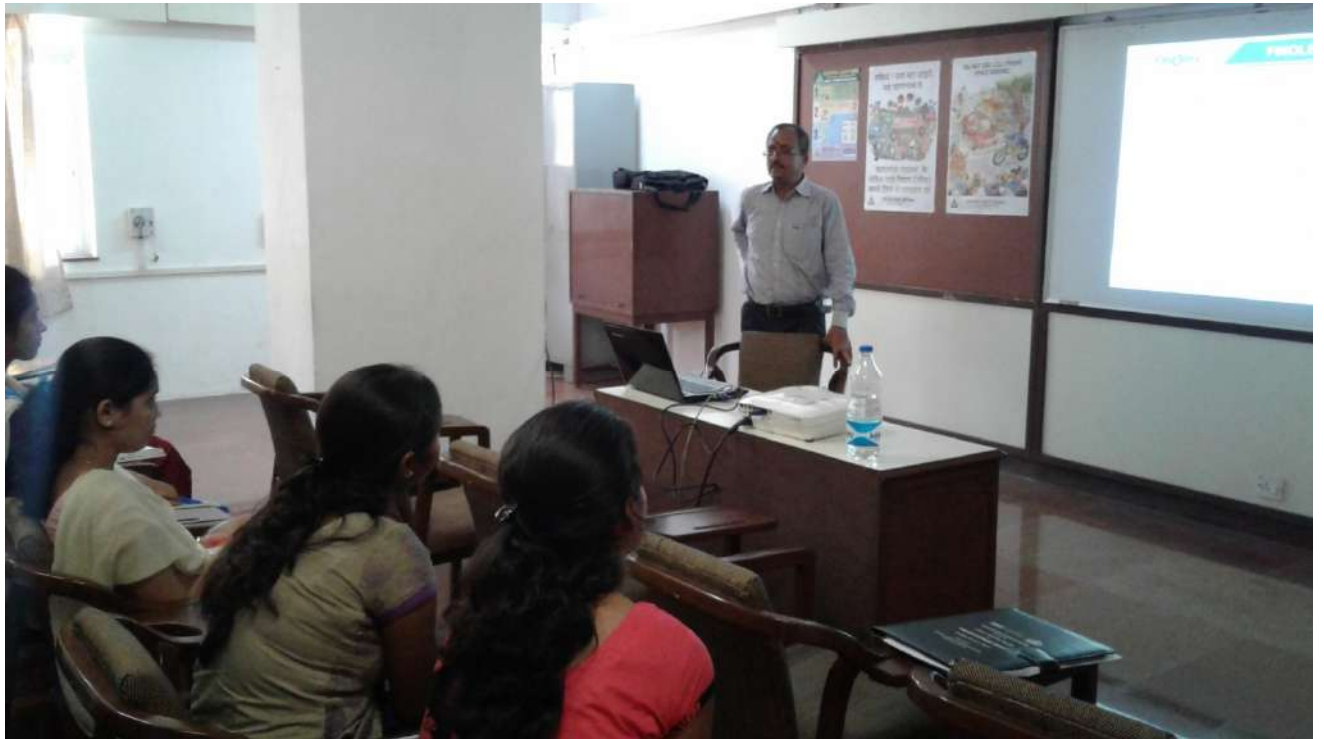

1st batch on 20/04/2017

2nd batch on 21/04/2017

Students during interaction with industry experts

Mr. Yogesh Teredesai (Asst Manager, HR) giving introduction of FIL to students
