FAMT Participates in Three Days Taluka Level Science Exhibition by Parshuram Education Society

FAMT participated in three days Taluka Level Science Exhibition from 7th to 9th December 2017, at United English School, Chiplun which was organized by Parshuram Education Society, Chiplun, on occasion of its centenary celebration.

The departments of Electronics and Mechanical Engineering designed and displayed varied projects such as Remote controlled Robot, Voice controlled Robot, Electronic Dice, Street Light Controller, automated well unit, box transfer machine, gear mechanism, cam operated hammer, bottle pressing machine and a few machine parts like, automobile silencer, fuel injection system, and cross section engine.

Around 4500 visitors including the parents and students of 53 schools and colleges in and around Chiplun visited FAMT Project Stall in the exhibition. The students got an opportunity to understand the mechanism from the working models and techniques to design electronics based projects which would develop interest in the fields of science and technology.

Prof. Vrishali V Nimbalkar and Prof. Amol R Sutar of Electronics Engineering Department and Prof. Sumit Malusare and Prof. Abhijit Date of Mechanical Engineering Department explained the projects and models to the visitors. Prof. Girish G Bhide (HoD Electronics) and Dr. Shashikant S Goilkar (Dean R & D) coordinated the event on behalf of FAMT under the guidance of Dr. Kaushal Prasad.

Professors Vrishali V Nimbalkar, Mr. Amol Sutar, Mr. Abhijit Date and Mr. Sumit Malusare in the exhibition.
