**Department of Electronics and Telecommunication Engineering**

**A Four Days Add-on Course on 'Python Programming and Raspberry Pi'**

The Department of Electronics & Telecommunication Engineering organized a four days Add-on Course on **Python Programming and Raspberry Pi** from 28<sup>th</sup> February to 3<sup>rd</sup> March, 2019 for all E&TC students. **Mr. Samarjeet Chavan, Director Jeet Fortuneline Pvt. Ltd, Sangali**; was the resource person for this course.

Dr. Kaushal Prasad, Principal FAMT, inaugurated the session. **Dr. S. V. Chougule, HoD E&TC**, welcomed and introduced the resource person. The course covered various theoretical topics including introduction to Python, Syntax and Functions in Python, G.U.I using Python, Raspberry pi, and project development using Raspberry pi with hands-on practice.

The course helped students to learn Python programming and to develop the projects using Raspberry Pi. It was coordinated by **Prof. V. D. Chavan & Prof. S. S. Athalye**.
