

Finolex Academy of Management & Technology, Ratnagiri

Department of Electronics & Telecommunication Engineering And Department of Electronics Engineering

AN EXPERT LECTURE

ON

GSM TECHNOLOGY

An expert lecture on **GSM Technology** was jointly organized by Department of Electronics and Telecommunication and Department of Electronics Engineering FAMT, Ratnagiri on 14th October, 2015. The lecture was organized mainly for the benefit of final year E & TC and Electronics Engg. students with the initiative by Prof. G. S. Kulkarni, HOD E & TC and Prof. G. G. Bhide, HOD, Electronics.

The lecture started with inaugural speech by Prof. G. G. Bhide, HOD Electronics highlighting purpose of the lecture followed by brief introduction about eminent speakers. The resource persons were **Mr. Yogesh Bhongale (SDE, BSNL, Ratnagiri)** and **Mr. Umesh Shirsat (SDE, BSNL, Ratnagiri)**. E & TC and Electronics faculty members along with final year students from both branches, were benefited by attending this lecture.

Mr. Umesh Shirsat touched all the key concepts in mobile communication starting from historical evolution in mobile communication upto their practical utility. It helped all the participants to deeply understand the concepts as well as their practical importance.

The student and faculty participants curiously asked variety of doubts during question-answer session. Finally, the lecture ended with vote of thanks given by Prof. G. G. Bhide. The participants were very happy and enjoyed the lecture.
