Electrical Engineering

Workshop on Switchgear and Distribution

A one day work shop on Switchgear and Distribution in Power System was conducted on 9 September 2015 in Electrical Engineering Department. Prof. M. N. Tagare and Prof. P. A. Potdar organized the workshop. Mr. Sanjeev Reddy, Branch Manager Larsen and Toubro Ltd. conducted the first session on 'Switchgear: Types, Selection & Applications' with Mr. Praveen Wanarase. Second session was conducted by Mr. S. N. Joshi, Proprietor of Joshi Associates Kolhapur on 'Power System Distribution and LT distribution Design Practices'.

Total 75 Students participated in the workshop and they were also given the opportunity to thoroughly observe Switchgear & Distribution equipments like Air Circuit Breaker, MCCB, SDF, etc.
