Electrical Engineering

4 Day workshop on Basics of Programmable Logic Controllers (PLC)

A four day on Basics of Programmable Logic Controllers is being conducted by Prof. P, J. Kadam and Prof. Leslie Fernandes from 6 September 2015. The workshop provides an opportunity to the students to understand the basics of PLC and have hands-on practical sessions which are an industrial pre-requisite for aspiring electrical engineers. Total 40 students have participated in the workshop.
