FAMT INSTITUTION'S INNOVATION COUNCIL (IIC)

Incubation Centre Held an Awareness Programme on Innovation and Start-up Policy of FAMT

The Incubation Center, in association with IEDC and FAMT IIC, organized an awareness program on “**FAMT Innovation and Start-up Policy**” on 20th July 2024. The program aimed to introduce the faculty to the “FAMT Innovation and Start-up Policy” to ensure a clear understanding of the policy framework.

The program covered several key topics, including an overview of the policy, the eligibility and application process, support and resources available, and the benefits of the policy. The session also included a Q&A segment to address any queries from the attendees.

Dr. Sandeep Chawda, Dean R&D, Convener Incubation Center, Convener IEDC Cell, President FAMT IIC, and Convener IPR Cell, served as the resource person for the event and also coordinated the event. He provided an in-depth presentation on the policy, highlighting its aims, objectives, and significance. The eligibility and application process were thoroughly explained, emphasizing the key steps and necessary information required for applying. The support and resources available to startups through the policy were discussed in detail, covering aspects such as infrastructure, financial assistance, mentorship, and business development support. Additionally, the benefits of the policy for students, faculty, startups, and the institute were outlined, showcasing the advantages and opportunities provided by the policy.

The session was well-attended, with 20 faculty members participating. Prof. S. V. Jadhav shared his experience on his start-up journey at FAMT, discussing the support he received and inspiring the attendees with his success story. The interactive Q&A segment allowed participants to clarify their doubts and gain a deeper understanding of the policy.

In the vote of thanks, Dr Sandeep Chawda expressed gratitude to the Principal and the Management for their continuous support and encouragement. He also thanked Dr J J Mane, Head of Electrical Department and Mr. Swapnil Mohite for extending their support. Special thanks were offered to Prof. S. V. Jadhav for sharing his valuable experience.
