Poster Presentation Competition by E&TC Department & IEDC

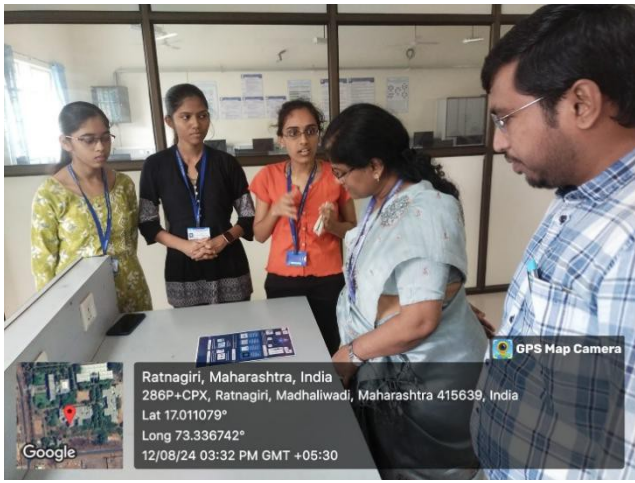

The Electronics and Telecommunication Engineering Department organized a Poster Presentation Competition in collaboration with the Innovation and Entrepreneurship Development Cell (IEDC) for all FAMT students on 12th August 2024.

Students actively participated in the competition. They demonstrated their project ideas and explained working principles with the help of posters. **Dr. Sharada V. Chougule, the Head of EXTC Department**, judged their project ideas and guided them for further improvement.

The objectives of this Poster Presentation Competition are:

- Equip students with poster writing skills to highlight innovation.
- Enable students to improve presentation skills.
 - Encourage students to educate others.

The competition was organized by the Electronics and Telecommunication Engineering Department (EXTC) as a part of the Innovation and Entrepreneurship Development Cell (IEDC) activity and coordinated by **Dr. Vijay M. Galshetwar, Assistant Professor** of the EXTC Department, under the guidance of **Dr. Sharada V. Chougule**. 19 participants from all the branches successfully presented their project ideas through posters.

Presentations by student participants
