Academic Year 2024-25

Master the Code: AI Prompting, Web portfolio and Interview Preparation

□ **Date:** 24th March 2025

□ **Venue:** Room No. EN0/6

The Department of Electrical Engineering at Finolex Academy of Management and Technology, Ratnagiri, successfully organized a Workshop titled "**Master the Code: AI Prompting, Web Portfolio, and Interview Preparation**" on 24th March 2025. The session was specially designed for Third-Year Electrical Engineering students to enhance their technical and professional skills.

The workshop was conducted by two distinguished industry experts:

- **Mr. Vikrant Vilas Zore**, Associate Consultant, Worldline Global Services
- **Mr. Sahil Jeevan Phondekar**, Senior Software Engineer, Everestek Technosoft Solutions Pvt. Ltd.

The workshop covered various topics, including:

- ✓ **The Journey of AI & The AI Revolution** – Understanding AI advancements and future trends.
- ✓ **AI Tools: ChatGPT, Gemini, DeepSeek R1** – Demonstrating the latest AI-powered tools.
- ✓ **Prompt Engineering Demo** – Hands-on session on effective AI prompting techniques.
- ✓ **Web Development & AI-Powered Web Design** – Showcasing modern web technologies.
- ✓ **Model Creation with DeepSeek & Ollama** – Exploring AI model development.
- ✓ **Interview Preparation Tips** – Guidance on resume building and job interview strategies.

The interactive sessions provided students with hands-on experience and valuable insights into the latest advancements in AI and web development. The workshop concluded with a Q&A session, where students actively participated and clarified their doubts.

The event was coordinated by **Dr Jayant Mane (Head of the Electrical Engineering Department)** and **Mr Parashuram More**, ensuring smooth execution and engagement throughout the session.

The workshop received an overwhelming response, with students appreciating the practical approach and real-world industry perspectives shared by the speakers. A total of 25 students

attended the workshop. The session successfully bridged the gap between academic learning and industry requirements, equipping students with essential skills for their future careers.
