ISR Activity Report – Biodiversity Park Clean-Up Drive

In collaboration with the **Aasamant Benevolence Foundation – Biodiversity Park, MIDC Ratnagiri**, the **Department of MCA** organized an **Institutional Social Responsibility (ISR) activity** on **29th March 2025** at the **Biodiversity Park, MIDC Ratnagiri**. The primary objective of the drive was to remove non-biodegradable waste—such as plastic wrappers, straws, rubber, and glass bottles—from the park and its surrounding areas.

In addition to the clean-up drive, students also actively participated in **watering existing plants and carrying out new plantation activities**, reinforcing the importance of nurturing green spaces. The collected plastic waste was carefully **segregated and sent for recycling**, while the remaining garbage was disposed of using eco-friendly methods. Waste collection bags were provided by the Biodiversity Park authorities to ensure proper and responsible disposal. In a world that often rushes forward at a breakneck pace, *the Aasamant Benevolence Foundation* stands as a beacon of harmony, working tirelessly to foster a sustainable future. For over 11 years, Aasamant has been deeply rooted in nurturing the most sacred elements of life—children, nature, and music.

A total of **149 students** from **First Year and Second Year MCA** enthusiastically took part in the drive and contributed to restoring the park's natural beauty. The activity was efficiently coordinated by **Prof. T. V. Joshi** (HoD, MCA Department), along with **Prof. H. U. Salvi, Prof. S. S. Surve, Prof. K. R. Bhosale, Prof. R. V. Kerkar, and Mr. Sukumar Birje**.

This initiative not only promoted environmental consciousness and sustainability but also instilled a deep sense of social responsibility and teamwork among the students.
