

STUDENTS CHAPTER

Association of Chemical Engineering Students

Association of Chemical Engineering Students (ACES)

Association of Chemical Engineering Student's (ACES) was established in the year 2011. The committee has students from the chemical engineering department from SE, TE and BE. ACES committee is well known for organizing various kinds of technical, social and cultural events. ACES organizes events like Charity, Donation Drives, social events like blood donation camp, charity events for orphans and mentally challenged students, etc. Beside this committee has also organizes various technical event like workshop, paper and poster presentation and technical quiz competition etc. Students from chemical department are working as committee co-coordinators and they are handling these events successfully. Students from all departments of FAMT are taking active participation in the events organized by the committee.

For Academic Year 2025-26, following committee has been formed.
