One-Day Add-On Course on Project Planning and Execution Practices

A one-day add-on course on " **Project Planning and Execution Practices**" was organized by the Department of Electronics and Telecommunication Engineering as a part of the Innovation and Entrepreneurship Development Cell, on 17th September 2025.

In this course, final year students learnt the importance of major projects from a career perspective, project topic selection, preparation and planning for the project, and project execution practices. The objectives of this training program were to:

1. To enable students to plan their final year projects in a structured and systematic manner.
2. To understand the hardware and software requirements essential for effective project development and implementation.
3. To develop their ability to execute, monitor, and complete projects within the stipulated timeframe.

Dr. S. V. Chougule, HOD EXTC Department, graced the inaugural program, introduced and welcomed the resource person. Resource Person **Mr. Ajinkya D Dixit**, Founder Aerobotix Techsolutions Pvt. Ltd, Kolhapur, conducted the add-on course. Team members Kunal and Harshad contributed to the successful completion of the course.

Dr. V. M. Galshetwar and Dr. S. S. Goilkar worked as Faculty Coordinators of the event under the guidance of Head of EXTC department **Dr. S V Chougule**.

A total of 46 students from BE EXTC actively participated in the training program and also shared their feedback at the end of this workshop.
