An Expert Session on Demystifying the Concept of Quantum AI and Quantum Cryptography

The Department of Computer Science and Engineering (AI&ML) in collaboration with IIC, Finolex Academy of Management and Technology, Ratnagiri, organised an online Expert session on “Demystifying the Concept of Quantum AI and Quantum Cryptography” on 31st January 2026.

An eminent academician, Dr. Anwar Basha H, Associate Professor, Rajalakshmi Institute of Technology, Chennai, Tamil Nadu, was the resource person for this session. He provided in-depth insights into the fundamental concepts and emerging advancements in Quantum Artificial Intelligence and Quantum Cryptography. The expert highlighted current research trends, essential skill sets, potential career paths, and future opportunities in these cutting-edge and high-impact domains. The session aimed to bridge the gap between theoretical knowledge and real-world applications, enabling students to understand industry and research expectations and to make well-informed decisions regarding higher studies, research, and career development in quantum technologies.

Dr. Yogesh M. Gajmal, Associate Professor & Head CSE-AIML coordinated the session under the guidance and encouragement of Honourable Principal Dr. Kaushal Prasad. The participants showed intense interest in attending such events in future.

Expert delivering the session online, with students attending through the Smart Board.
