Electronics and Telecommunication Engineering Department

Expert Session on GitHub and LinkedIn

The Department of Electronics & Telecommunication Engineering at FAMT, Ratnagiri, successfully organized a specialized expert session on “**GitHub and LinkedIn**” for **Third-Year E&TC students** on **March 18, 2026**. The session was conducted by **Mr. Samarjeet Chavan**, Senior Python Developer at **Checkmate**, and was attended by **51 students**.

During the session, students gained practical insights into creating and maintaining **GitHub repositories** for their academic projects, ensuring their technical work is well-documented and visible to potential employers. Mr. Chavan specifically emphasized the power of **open-source collaboration**, guiding students on how to effectively contribute to shared projects and work within professional development teams. Additionally, the session provided strategic guidance on building a high-impact **LinkedIn** profile to enhance professional visibility and networking.

The event was **coordinated by Dr. Saurabh Athalye** and organized under the **guidance of HoD Dr. Sharada Chougule**. This interaction proved highly effective in helping students understand how to showcase their technical skills to global recruiters and bridge the gap between academic learning and industry-standard requirements.
