**Industry Trends and Job Interview Preparation**

The Department of Master of Computer Applications (MCA) organized an Expert Talk on “**Industry Trends and Job Interview Preparation**” program on 9<sup>th</sup> March 2026 with the aim to guide students on industry expectations, career preparation, and emerging trends in the technology sector. The program provided a valuable platform for students to interact with an experienced industry professional and gain practical insights into career planning and professional growth.

The resource person for the program was **Mr. Nilkanth Kulkarni**, Associate Software Developer at **Neutrinos, Bangalore** and a proud alumnus of the MCA department. The session began with a formal introduction of the resource person by **Prof. Tejas V. Joshi**, Head of the Department of MCA, who highlighted the professional achievements and industry experience of the alumnus, setting a positive tone for the interaction.

During the interactive session, Mr. Kulkarni shared valuable insights on current industry trends, highlighting the importance of staying updated with evolving technologies and developing practical skills alongside academic knowledge. He also emphasized the significance of continuous learning, problem-solving ability, and adaptability in the rapidly changing IT landscape.

A major focus of the talk was on preparing for job interviews. Mr. Kulkarni explained how students should approach technical and HR interviews, prepare a strong resume, and confidently present their skills and projects. He also shared practical tips on improving communication skills, building a professional profile, and preparing for common interview questions.

The session proved highly beneficial for students as they gained practical guidance on career planning, interview preparation, and industry readiness. Students actively interacted with the speaker and clarified their doubts regarding career opportunities and professional growth.

At the conclusion of the program, **Prof. Ravindra V. Kerkar** delivered the vote of thanks, expressing sincere gratitude to the resource person for his valuable guidance and motivational interaction. The program was coordinated by **Prof. Gousiya A. Khanche**.

Overall, the program was informative and inspiring, providing students with clear insights into career planning, industry demands, and the importance of adapting to modern technologies. The event significantly contributed to enhancing students' confidence and preparedness for their future professional journeys.
