## Outreach Program-Donation Drive for Avishkar Institute Ratnagiri

The Department of Information Technology, in association with FAMT ACM students' chapter, conducted an outreach program, a Donation Drive for Avishkar Institute Ratnagiri on 30 March 2026.

The Institute works for mentally disabled people and has been active in Ratnagiri for the last 35 years. Students from the IT department took an active part and donated groceries worth 2500/- to Avishkar Institute. Students gave positive feedback and requested that the same be done every year.

The drive was conducted by Prof. Ashish Vartak under the guidance of HOD IT, Prof. Dr Vinayak A. Bharadi from the IT department. Their efforts were appreciated by the school authorities.
