Project Competition for Electrical Engineering Students

Date: 27/04/2025

The Department of Electrical Engineering, Finolex Academy of Management and Technology (FAMT), Ratnagiri successfully organized a **Departmental Project Competition** for SE, TE, and BE students from **24th to 26th April 2025**. The event aimed to encourage innovation, technical skills, and practical implementation of engineering concepts among students.

The competition witnessed enthusiastic participation, with a total of **173 students** taking part in the event. Students presented a wide range of creative and technically sound projects across various domains of electrical engineering. The competition was conducted in a well-structured manner, where participants showcased their projects before a panel of judges. The evaluation was based on parameters such as innovation, technical knowledge, practical implementation, presentation skills, and societal relevance.

The event provided an excellent platform for students to demonstrate their ideas, enhance their confidence, and gain valuable feedback from faculty members. It also promoted teamwork and problem-solving abilities among participants. The competition concluded successfully with appreciation for all participants, and the best projects were recognized for their outstanding performance.

The event was coordinated under the guidance of the departmental faculty, ensuring smooth execution and active student engagement.

Students enthusiastically presenting their innovative projects during the Competition
