Parents Meet FH2026

The Department of Computer Science and Engineering (Cyber Security) successfully conducted a Parents Meet on 12th May 2026 through online mode. The meeting aimed to strengthen communication and collaboration between the faculty members and parents of Second Year (SE) students.

The event commenced with a warm welcome address by Prof. Mahesh Jadhav. He formally welcomed all the parents and introduced the faculty members of the department. Following the introduction, Prof. Vrishali Nimbalkar, Head of the Department, delivered an insightful presentation highlighting the CSE (CS) Department students' academic performance, various activities carried out by the department for students, various events conducted by the students, students' and faculty achievements and future initiatives planned by the department for the students' overall development of the department as well.

An interactive session was conducted thereafter, providing parents with an opportunity to express their queries, suggestions, and valuable feedback. The session encouraged healthy interaction between parents and faculty members, thereby strengthening mutual understanding and cooperation for the academic and personal growth of the students.

The Parents Meet served as a valuable platform for parents to gain insight into the academic and extracurricular progress of their wards while reinforcing the department's commitment towards academic excellence and holistic student development. The meeting concluded on a positive and encouraging note.

A total of 11 parents attended the meeting through Google Meet. The event was coordinated by Prof. Mahesh A. Jadhav, Assistant Professor, Department of Computer Science and Engineering (CS), and was successfully conducted under the guidance of Prof. Vrishali V. Nimbalkar, Head of the Department, Computer Science and Engineering (CS).
