

Learn, Invest and Grow – An Investment Awareness and Financial Literacy Program

The Department of Mechanical Engineering, through the Mechanical Engineering Students Association, organized “Learn, Invest and Grow – An Investment Awareness and Financial Literacy Program” on 29th July 2026 at 3:30 PM in C 2/06, FAMT. The programme was specially organized for girl students with the objective of developing financial awareness, confidence, and responsible personal financial decision-making among young women.

Mr. Devendra Tare delivering the session

The session featured **Mr. Devendra Tare, CEO, DHAARAA Academics and Consultancy Services**, as the resource person. He provided students with valuable insights into the importance of financial planning, saving, investment awareness, risk understanding, and informed financial decision-making. The session emphasized the need to develop sound financial habits early and encouraged students to approach financial matters with greater knowledge, confidence, and responsibility. A total of 30 girl students participated actively in the program.
