

Introduction to ISTE Chapter and Membership Awareness Program

1. Introduction

A program on ISTE Student Chapter Formation Guidelines and Membership Awareness was organized on 9th September 2026 with the permission of the Head of the Department. The program was conducted by Dr. Aswant Kumar Sharma to inform students about the guidelines, membership procedures, and formation of an ISTE Student Chapter.

2. Participation

The event was attended by 8 faculty members and 76 students. The participation of students and teachers contributed to the successful organization of the program.

3. Objectives of the Program

The primary objectives of the program were:

- To create awareness among the Electrical Engineering students about ISTE membership and its benefits.
- To explain the guidelines and procedures for the formation of an ISTE Student Chapter.
- To provide information about student membership registration and the required documentation.
- To encourage students to actively participate in professional and technical activities.

4. Proceedings of the Program

The knowledge and guidelines related to ISTE Membership and Student Chapter Formation were delivered by Prof. A. K. Bandsode. The session provided students with important information regarding the requirements and procedures associated with ISTE membership and the establishment of a Student Chapter.

The following key points were discussed during the program:

1. ISTE Student Chapter Formation Guidelines: Eligibility requirements for the institute, minimum student strength, and the process of establishing an ISTE Student Chapter.
2. Student Membership: Details of student membership, including the membership fee and relevant information.
3. Membership Registration Process: Submission of student lists, forwarding letters, and membership fees to ISTE as specified in the guidelines.

4. Student Chapter Office Bearers: Information regarding the election of the Student Chairperson, Student Secretary-cum-Treasurer, committee members, and Faculty Advisor.
5. Chapter Activities: Awareness about technical quizzes, expert lectures, industrial visits, entrepreneurship development, leadership training, and other activities recommended by ISTE.

5. Outcome of the Program

The program helped students gain awareness of ISTE membership and the process of forming and operating an ISTE Student Chapter. The session encouraged students to understand the importance of professional membership and participation in technical and academic activities.

6. Conclusion

The program was successfully conducted under the guidance of Dr. Aswant Kumar Sharma, with the permission of the Head of the Department. The participation of 8 faculty members and approximately 76 students made the event informative and productive. The valuable guidance provided by Prof. A. K. Bandsode helped students understand the ISTE membership process and Student Chapter formation guidelines.
